I. Reports Items

(I) 2022 Business Report

- Explanation:

The 2022 Business Report is attached as P.9 ~ P.13, ATTACHMENT I.

(II) 2022 Consent Report of Audit Committee

- Explanation:

The 2022 Consent Report of Audit Committee is attached as P.14, ATTACHMENT II.

(III) Report of Communications between members of Audit Committee and the head of internal auditor.

- Explanation:

The Communications between members of Audit Committee and the head internal auditor is attached as P.15 ~ P.16, ATTACHMENT III.

(IV) 2022 Report of Remuneration Distribution to Employees and Directors

- Explanation:

1. Pursuant to Article 27 of the Articles of Incorporation of the Company: This Company shall set aside 1%-20% as employees' remuneration and the percentage lower than 2% as directors' remuneration if the Company has profit (means the pre-tax income before deduction of the employees' and directors' remuneration) in the current year.
2. The Board of Directors of the Company had approved to allocate TWD 50,000,000 as the remuneration to employees and TWD 8,070,000 as the remuneration to the directors for the year 2022, where all remuneration shall be paid in cash. (hereinafter all monetary unit will be TWD)
3. The above-mentioned remuneration to employees and to directors had been expensed for the year 2022, the amount of the expenditures is consistent with that of the remuneration allocation agreed by the Board of Directors.
4. The proposal has been approved by the Remuneration Committee and passed by the resolution of the Board of Directors.

(V) 2022 Report of Profit Distribution of Cash Dividend

● Explanation:

1. According to the 27-1 of the Article of Incorporation of the Company, the Board of Directors is authorized to distribute dividends and bonuses in whole or in part may be paid in cash after a resolution has been adopted by a majority vote at a meeting of the Board of Directors attended by two-thirds of the total number of directors; and in addition thereto a report of such distribution shall be submitted to the Shareholders' Meeting.
2. 2022 profit distribution of cash dividend totaling in TWD 229,073,710, or TWD 2.5 per share. The Chairman of the Board of Directors is authorized to determine the record date, payment date and other relevant matters for the distribution of the cash dividend.
3. If there is any change in the number of common shares of the Company which consequently leads to a change in the dividend distribution ratio, the Chairman of the Board of Directors is authorized to adjust the dividend distribution ratio based on the actual shares outstanding on the record date for distribution.
4. The 2022 net income shall be distributed with higher priority this time.
5. Regarding the cash dividend distribution this time, the cash dividend is to be calculated to the integral number with all decimals truncated. And all the truncated decimals from all distorted figures are accumulated to a summation amount which will then be adjusted among shareholders - in the order of decimal of each cash dividend amount from big to small as well as in the order of account number from the top to the bottom - until the total amount of cash dividend actually paid out can match that in the book.

(VI) 2022 Report of Remuneration Paid to Directors.

● Explanation:

1. According to the Company's profitability, the investment and contribution of each director to the Company's affairs, the Chairman of the board will propose a remuneration proposal, which will be approved by the Remuneration Committee and passed by the Board of Directors.
2. Information on Directors' remuneration, including remuneration policy, content and amount of individual remuneration, etc., please refer to P.17 ~ P.18, ATTACHMENT IV.

(IV) Research and development status:

In response to sustainable management and market development trends, the following medium and long-term development directions are planned:

1. Focus on the industrial application in vertical markets such as factory automation, rail transit, green energy and smart grid; provide edge computing platforms, machine vision solutions, touch panel computer, and combine core technologies such as video, audio, and smart platforms to provide comprehensive AIoT solution.
2. The edge computing system is developing toward intelligent, miniaturized, and modularized products. Strengthen the integrated application of the embedded operating system and provide a security upgrade solution for the Internet of Things.
3. Develop specific domain-focused platforms for smart retail, medical, gaming, and entertainment markets, and integrate software expertise to provide customers with a complete and reliable solution.
4. Migrate the system level to an application market solution, combine DigiHub to provide software and hardware integration services; deepen the added value, and provide exclusive, customized, and flexible services for partners.

II. Summary Business Plan for 2023:

(I) Business policy

1. Focus on the integration of artificial intelligence and the Internet of Things, smart manufacturing-related technologies and edge computing platforms, and continue to invest in domain industries such as factory automation, smart energy, transportation, medical, gaming, and smart retail.

2. Provide a complete product line and professional customization services for targeted vertical markets.
3. Collaborate with strategic partners to create alliances, integrate software and hardware to enhance value-added products, and pursue long-term development and sustainable operation of the enterprise.
4. Global localization business policy, actively deploying overseas Design Engineering Service to provide localized professional services; adding overseas service bases, global marketing channels to deepen customer relationships, and establishing global distribution partners.
5. Form follows function can organize corresponding development, pursue the vision of sustainable development of the enterprise and long-term talent cultivation.

(II) Production and sales policies:

1. Introduce MES (Manufacturing Execution System) smart factory operations management and progress towards full factory automation.
2. Implement green production supply chain and supplier management, use GPMS (Green Product Management System) and SCM (Supply Chain Management) management mechanisms to confirm that products are non-toxic and harmless, and regularly audit the quality of suppliers.
3. Through the PLM (Product Lifecycle Management), global information management and communication systems, obtain data on materials, semi-finished products, inventories and future market demands, reducing inventory management costs and losses due to price reduction on the slow-moving stock.

III. The Company's Development Strategy:

(I) Sales strategy:

1. Give full play to the key influence of digital transformation, accumulate software and hardware integration technology, deepen the added value of the industry, and provide customers with exclusive technology services.
2. Marketing globally with its own brand, focusing on design, manufacturing, and sales; actively deploying global localization strategies, establishing sales bases and technical bases, expanding marketing channels and realizing localized services.
3. Formulate strategies and tactics for the sales strategies of major global customers including key accounts, domain-focused system integrators, and channel partners, expand sales scale and assist customers to develop a new market.
4. Strengthen the added value of software and hardware integration, duplicate success cases, shorten customer development time and development costs, and

create a win-win model.

5. Utilize the Salesforce cloud application and platform, use IT (Information Technology) and BI (Business Intelligence) to effectively manage customer relationships and manage project progress, and integrate digital marketing models to improve customer experience.

(II) Product technology:

1. Edge computing platform: towards miniature and modular design, adopts industrial aesthetic design, and emphasizes user experience. Designed for automation, smart energy, machine vision, AGV/AMR, artificial intelligence and IoT application markets. Obtain product specialty certifications for specific vertical applications.
2. IT/OT cybersecurity platform: lock the industrial network security application market, develop edge computing computer platform, remote monitoring technology IPMI (Intelligent Platform Management Interface) and high-speed Ethernet module, and develop SDN (Software-Defined Networking) network security architecture.
3. Digital signage players and self-service kiosks: provide affordable and high-performance models, integrating touch screens, barcode readers, payment devices, and other multifunctional all-in-one machines; through multiple screen output interfaces and customized software and firmware program to achieve multi-screen splicing and self-management of the system.
4. Computers for medical equipment: combining with customer IT architecture to create a smart medical environment. The control system of large-scale testing instruments, mobile medical carts, bedside computers, and information computers are all the focus of future product development.
5. Gaming industry-specific computer platform: develop Video Mixer technology and game machine PTS (Player Tracking System) system platform, background management system, image processing, and Jackpot server, etc., and deepen its vertical industry expertise and integration capabilities.

IV. The Effect of the External Competitive, the Legal Environment and the Overall Business Environment:

Edge computing with Artificial Intelligence of Things, AR/VR, 5G, and other technologies for domain vertical industries are made to support customers' success. The Company will continue to apply digital transformation and global localization, formulate the development of the group organization, and take sustainable management as the core. Plan long-term development strategies, realize localized services, and regional supply chains, and move technical energy to the front line to meet the flexible needs of customers.

Looking forward to the future, the Company will continue to cultivate its own technical capabilities, focus on specific domain markets, software and hardware integration capabilities, and value-added services to lead business growth. Cooperate with partners such as key accounts, domain-focused system integrators, and channel partners to create a successful alliance ecosystem. It is important to ensure that corporate governance and ESG responsibilities will be embedded into the corporate culture, and create a win-win situation with partners to break out of a new era.

1. The policies, systems, standards, and structure of Independent Directors' remuneration, and describe the correlation with the amount of remuneration according to the responsibilities, risks, and investment time:
The Company mainly distributes the remuneration of Directors in accordance with the "Operating Procedures for Performance Evaluation of Board of Directors" and "Directors' Remuneration Distribution Method". According to the Articles of Incorporation, if the Company is profitable in the current year (means the Pre-tax Income before deduction of the employees' and Directors' compensation) in the current year. Directors' payout should be no more than 2%. The remuneration of Directors in the preceding paragraphs only can receive the profit in the form of cash. The proportion and amount of Directors' remuneration allocation each year are proposed by the Remuneration Committee based on the Company's operating performance, business risks, development trends and reference to industry standards, and by a resolution adopted by a majority vote at a meeting of Board of Directors attended by two-thirds of the total number of Directors. The distribution of remuneration for Directors and Independent Directors is first based on the Directors' attendance at the Shareholders' Meeting, the degree of participation in the Company's operations, and the evaluation of the value of their contribution. The distribution of reasonable remuneration is given priority, and the weighted calculation is based on the content of positions and functional committee members. In general, Directors' remuneration is evaluated according to the performance of the responsibilities, risks, and time invested, and the rationality of the remuneration has been evaluated by the Nomination Committee, reviewed by the Remuneration Committee, and passed by the Board of Directors. Relevant laws and regulations review the remuneration system in a timely manner to implement corporate governance, and expect to make the distribution of remuneration for Directors transparent, rational and institutionalized.
2. 2022 Independent Auditors' Report

(Parent Company Only Financial Statements)

To the Board of Directors and Shareholders of
AXIOMTEK CO., LTD.

Opinion

We have audited the accompanying parent company only balance sheets of AXIOMTEK CO., LTD. (hereinafter referred to as "Axiomtek" or "the Company") as at December 31, 2022 and 2021, and the related statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in order to comply with the Regulations Governing the Preparations of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in order to comply with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Individual Financial Statements section of our report. We are independent of the Company in order to comply with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in order to comply with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the individual financial statements of the current period. These matters were addressed in the context of our audit of the individual financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the parent company only financial statements for the year ended December 31, 2022 are stated as follows:

Cut off of Operating Revenue

Description

Please refer to Note 4(31) for accounting policy on revenue recognition and Note 6(20) for details of operating revenue.

The Company's operating revenue mainly comes from the manufacture and sale of finished products, and is mainly for export. The operating revenue for export is based on the transaction conditions with customers as the basis for revenue recognition. Different customers have different transaction conditions and revenue recognition procedures. Involving manual judgment by management, for sales transactions before and after the balance sheet date, it is necessary to confirm whether the significant risks and rewards related to the ownership of the goods have been transferred to the customer. Therefore, there is a risk of improper timing of revenue recognition. We considered the cut off of operating revenue as a key audit matter.

How our audit addressed the matter

We have performed primary audit procedures for the above matter as follows:

1. Understood and assessed the effectiveness of the internal control of Axiomtek's operating revenue and perform the test of the effectiveness of internal controls over shipping and billing.
2. For the details of the export income transaction details for a specific period before and after the balance sheet date, confirm its completeness and perform a cut-off test by random inspection, including confirmation of transaction conditions, verification of relevant supporting documents, and confirmation that sales revenue has been recorded in an appropriate period.

Allowance for Inventory Valuation Losses

Description

Please refer to Note 4(12) for accounting policies on inventory valuation, Note 5(2) for uncertainty of accounting estimates and assumptions in relation to inventory valuation losses and Note 6(3) for details of inventories. As at December 31, 2022, the Company's inventories and allowance for inventory valuation losses amounted to NT\$1,193,561 thousand and NT\$70,000 thousand, respectively.

The Company is primarily engaged in the research and development, manufacturing and sales of industrial computer products. Due to rapid technological innovation and fluctuations in market prices, the Company recognizes inventories at the lower of cost and net realizable value, and the net realizable value is estimated based on historical experience. An allowance for inventory valuation losses is provided for those inventories aged over a certain period of time and individually identified as obsolete or damaged.

As the amounts of inventories are material, the types of inventories vary, and the estimation of net realizable value for individually obsolete or damaged inventories is subject to management's judgment, we considered the allowance for inventory valuation losses as a key audit matter.

How our audit addressed the matter

We have performed primary audit procedures for the above matter as follows:

1. Ensured consistent application of Company's accounting policies in relation to allowance for inventory valuation losses and assessed the reasonableness of these policies.
2. Evaluated the reasonableness of inventories individually identified as obsolete or damaged with supporting documents, validated the appropriateness of system logic of inventory aging report utilized by management to ensure proper classification of inventories aged over a certain period of time and reperformed the calculation.
3. Discussed with management the net realizable value of inventories aged over a certain period of time and individually identified as obsolete or damaged, validated respective supporting documents, and agreed to information obtained from physical inventory.

Other Matter- Audit by the Other Independent Accountants

We did not audit the financial statements of certain investments accounted for under the equity method. These investments accounted for under the equity method amounted to NT \$231,507 thousand and NT \$211,830 thousand, constituting 4.15% and 4.36% of total assets as of December 31, 2022 and 2021, respectively, and other comprehensive income (loss) of subsidiaries, associates, and joint ventures accounted for under equity method amounted to NT\$22,384 thousand and NT\$9,581 thousand, constituting 3.26% and 2.75% of total comprehensive income for the years ended December 31, 2022 and 2021, respectively. The financial statements of these investments accounted for under the equity method were audited by other independent auditors whose reports thereon have been furnished to us and our opinion expressed herein, insofar as it relates to the amounts included in the separate financial statements and information disclosed relative to these investments, is based solely on the reports of other independent auditors.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in order to comply with the "Regulations Governing the Preparations of Financial Reports by Securities Issuers", and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including Audit Committee, are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in order to comply with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in order to comply with ROC GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the Parent Company Only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

2022 Independent Auditors' Report

(Consolidated Financial Statements)

Opinion

We have audited the accompanying consolidated balance sheets of AXIOMTEK CO., LTD. and its subsidiaries (hereinafter referred to as “the Group”) as at December 31, 2022 and 2021, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended December 31, 2022 and 2021, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended In order to comply with the Regulations Governing the Preparations of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in order to comply with the “Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants” and generally accepted auditing standards in the Republic of China (“ROC GAAS”). Our responsibilities under those standards are further described in the Independent Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group In order to comply with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (hereinafter referred to as the “Code”), and we have fulfilled our other ethical responsibilities in order to comply with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters on the Consolidated Financial Statements for the year ended December 31, 2022 are stated as follows:

Cut-off of Operating Revenue

Description

Please refer to Note 4(32) for accounting policy on revenue recognition and Note 6(23) for details of operating revenue.

The Group's operating revenue mainly comes from the manufacture and sale of finished products, and is mainly for export. The operating revenue for export is based on the transaction conditions with customers as the basis for revenue recognition. Different customers have different transaction conditions and revenue recognition procedures. Involving manual judgment by management, for sales transactions before and after the balance sheet date, it is necessary to confirm whether the significant risks and rewards related to the ownership of the goods have been transferred to the customer. Therefore, there is a risk of improper timing of revenue recognition. We considered the cut off of operating revenue as a key audit matter.

How our audit addressed the matter

We have performed primary audit procedures for the above matter as follows:

1. Understood and assessed the effectiveness of internal controls over cutoff of the Group's operating revenue and tested the effectiveness of internal controls over shipping and billing.
2. Checked the completeness and performed cutoff tests on a random basis on the export sales details in a certain period around balance sheet date, which includes checking the terms and conditions of transaction, verifying against supporting documents, and checking whether inventory changes records and sales cost had been recognized in the proper period.

Allowance for Inventory Valuation Losses

Description

Please refer to Note 4(13) for accounting policies on inventory valuation, Note 5(2) for uncertainty of accounting estimates and assumptions in relation to inventory valuation losses and Note 6(3) for details of inventories. As at December 31, 2022, the Group's inventories and allowance for inventory valuation losses amounted to NT\$2,007,826 thousand and NT\$80,818 thousand, respectively.

The Group is primarily engaged in the research and development, manufacturing and sales of industrial computers products. Due to rapid technological innovation and fluctuations in market prices, the Group recognizes inventories at the lower of cost and net realizable value, and the net realizable value is estimated based on historical experience. An allowance for inventory valuation losses is provided for those inventories aged over a certain period of time and individually identified as obsolete or damaged.

As the amounts of inventories are material, the types of inventories vary, and the estimation of net realizable value for individually obsolete or damaged inventories is subject to management's judgment, we consider allowance for inventory valuation losses a key audit matter.

How our audit addressed the matter

(I) We have performed primary audit procedures for the above matter as follows:

1. Ensured consistent application of Group's accounting policies in relation to allowance for inventory valuation losses and assessed the reasonableness of these policies.
2. Evaluated the reasonableness of inventories individually identified as obsolete or damaged with supporting documents, validated the appropriateness of system logic of inventory aging report utilized by management to ensure proper classification of inventories aged over a certain period of time and reperformed the calculation.
3. Discussed with management the net realizable value of inventories aged over a certain period of time and individually identified as obsolete or damaged, validated respective supporting documents, and agreed to information obtained from physical inventory.

Other Matter – Audits of Other Independent Accountants

We did not audit the financial statements of certain consolidated subsidiaries, which statements reflect total assets of NT\$321,826 thousand and NT\$303,234 thousand, constituting 5.35% and 5.68% of consolidated total assets as of December 31, 2022 and 2021, respectively, and operating revenue of NT\$563,959 and NT\$417,138 thousand, constituting 8.52% and 8.23% of consolidated total operating revenue for the years ended December 31, 2022 and 2021, respectively. Those financial statements were audited by other independent accountants whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the accounts included in the financial statements relative to these subsidiaries, is based solely on the audit reports of the other independent accountants.

Other Matter – Parent Company Only Financial Reports

We have audited and expressed an unqualified opinion on the Parent Company Only Financial Statements of AXIOMTEK CO., LTD. as of and for the years ended December 31, 2022 and 2021.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements. In order to comply with the “Regulations Governing the Preparations of Financial Reports by Securities Issuers” and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in order to comply with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in order to comply with ROC GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the Consolidated Financial Statements including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

AXIOMTEK CO., LTD.
Rules of Procedures for Shareholders' Meeting
(before Revision)

Article 1

To establish a strong governance system and sound supervisory capabilities for the Company's Shareholders Meetings, and to strengthen management capabilities, these Rules are adopted pursuant to Article 5 of the "Corporate Governance Best-Practice Principles for TWSE/TPEX Listed Companies".

Article 2

The rules of procedures for the Company's shareholders meetings, except as otherwise provided by law, regulation, or the articles of incorporation, shall be as provided in these Rules.

Article 3

Unless otherwise provided by law or regulation, the Company's Shareholders' Meeting shall be convened by the Board of Directors.

The Company shall make including the Shareholders' Meeting notice, proxy form, approval proposal, discussion proposal, election, or discharge Directors and so on (a regular meeting of shareholders prior within 30 days or special meeting of shareholders prior 15 days) as electronic forms upload to MOPS. And the amendment of the meeting shall be made as electronic files and upload to MOPS (a regular meeting of shareholders prior within 21 days or special meeting of shareholders prior 15 days). Before the 15 days of the Shareholders' Meeting, the Company shall well prepare the Shareholders Meeting's handbook and the amendment to be put in the place of professional stock transfer agency authorized by the Company and reviewed by each shareholder anytime and shall grant to shareholders in the place of the meeting.

The reasons for convening a Shareholders' Meeting shall be specified in the meeting notice and public announcement. With the consent of the addressee, the meeting notice may be given in electronic form. Matters pertaining to election or discharge of directors, alteration of the Articles of Incorporation, reduction of capital, application for the approval of ceasing its status as a public company, approval of competing with the company by directors, surplus profit distributed in the form of new shares, reserve distributed in the form of new shares, dissolution, merger, spin-off, or any matters as set forth in Paragraph I, Article 185 of Company Act, Article 26-1, Article 43-6 of Securities and Exchange Act, Article 56-1 and Article 60-2 of Regulations Governing the Offering and Issuance of Securities by Securities Issuers shall be itemized in the causes or subjects to be described and the essential contents shall be explained in the notice to convene a meeting of shareholders, and shall not be brought up as extemporary motions.

The convening of the Shareholders' Meeting has stated the full re-election of directors and the date of appointment. After the re-election of the Shareholders' Meeting is completed, the same meeting may not change its appointment date by provisional motion or other means.

A shareholder holding one percent (1%) or more of the total number of outstanding shares may propose to the Company a proposal for discussion at a regular Shareholders' Meeting, provided that only one matter shall be allowed in each single proposal, and in case a proposal contains more than one matter, such proposal shall not be included in the agenda. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. Shareholders may submit a proposed proposal for urging the Company to promote public interests or fulfill its social responsibilities, and it is limited to one only in accordance with the relevant provisions of Article 172-

1 of Company Act, and no proposal containing more than one item will be included in the meeting agenda.

Prior to the date on which share transfer registration is suspended before the convention of a regular Shareholders' Meeting, the company shall give a public notice announcing acceptance of proposal in writing or by way of electronic transmission, the place and the period for shareholders to submit proposals to be discussed at the meeting; and the period for accepting such proposals shall not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular Shareholders' Meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a Shareholders' Meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results and shall list in the meeting notice the proposals that conform to the provisions of this article. At the Shareholders' Meeting the Board of Directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 4

For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by the Company and stating the scope of the proxy's authorization.

A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting and shall deliver the proxy form to the Company before 5 days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to the Company, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to the Company before 2 business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

Article 5

The venue for a shareholders meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the Independent Directors with respect to the place and time of the meeting.

Article 6

The Company shall specify in its shareholders meeting notices the time during which shareholder attendance registrations will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations.

Shareholders or their proxies (collectively, "shareholders") shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification. The Company shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The Company shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of Directors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one

representative at a shareholders meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

Article 7

If a shareholders meeting is convened by the Board of Directors, the meeting shall be chaired by the chairman of the board. When the chairman of the board is on leave or for any reason unable to exercise the powers of the chairman, the vice chairman shall act in place of the chairman; if there is no vice chairman or the vice chairman also is on leave or for any reason unable to exercise the powers of the vice chairman, the chairman shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the Directors shall be appointed to act as chair. Where the chairman does not make such a designation, the managing directors or the Directors shall select from among themselves one person to serve as chair.

When a managing director or a director serves as chair, as referred to in the preceding paragraph, the managing director or director shall be one who has held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders meetings convened by the Board of Directors be chaired by the chairperson of the board in person and attended by a majority of the Directors and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

If a shareholders meeting is convened by a party with power to convene but other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

The Company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Article 8

The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The Company shall retain the recording for at 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Article 9

Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sing-in cards handed in plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time and announce relevant information such as the number of non-voting rights and the number of shares in attendance. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than 1 hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act, all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within 1 month.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders

meeting pursuant to Article 174 of the Company Act.

Article 10

If a Shareholders' Meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. Relevant motions (including temporary motions and amendments to the original motions) shall be decided on a case-by-case basis. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the Shareholders' Meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a Shareholders' Meeting convened by a party with the power to convene that is not the Board of Directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the Shareholders' Meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chair in order to comply with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders, when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed and call for a vote.

Article 11

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor, the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Article 12

Voting at shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When voting rights are exercised by correspondence or electronic means, the method of exercise shall be established in accordance with the laws and shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person. However, the shareholder mentioned in the preceding paragraph will be deemed to waive the right for the motion and the modification of the proposal at that Shareholders' Meeting mentioned herein, therefore, the Company shall avoid the situation of providing the proposal for the motion and the modification for the agenda item.

When shareholder exercises voting rights by written consent or electronic means in accordance with the preceding paragraph, the intention shall be delivered to the Company before 2 days before the date of the Shareholders' Meeting, when the intention repeat, the one received earliest shall prevail unless a declaration is made to cancel the previous intention.

After shareholder exercises voting rights by written consent or electronic means, if they want to attend to the Shareholders' Meeting in personal, the shareholder mentioned in the preceding sentence shall withdraw the intention by written consent or electronic means in the same way of exercising voting rights before 2 days before the date of the Shareholders' Meeting; when the withdraw mentioned herein is overdue, the voting rights by written consent or electronic mean shall prevail. If shareholder exercises voting rights by written consent or electronic means and appoint agent as proxy to attend the shareholders meeting, the voting right of proxy shall prevail.

Except as otherwise specified in the Company Act or in the Company's articles of incorporation, a resolution shall be adopted by a majority of the votes represented by the shareholders present at the meeting.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed veto, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, and all monitoring personnel shall be shareholders of the Company.

Vote counting shall be conducted in public at the place of the shareholders meeting and voting results shall be reported on –site immediately and recorded in writing.

Article 14

The election of Directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the list of elected Directors and the number of elected rights, and the list of failed Directors and the number of election rights obtained.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The distribution of the meeting minutes could be in the way of electronic form.

The distribution for the meeting minutes in the preceding paragraph can be in the ways of published in MOPS.

The meeting minutes shall record the date of the meeting, place, the chair name, the way of resolution and the results of voting (including the weight of statistics). When there are elected directors, the

number of votes for each candidate shall be disclosed and keep it forever during the term of continuing of the Company.

Article 16

On the day of a Shareholders' Meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies and shall make an express disclosure of the same at the place of the shareholders meeting.

If matters put to a resolution at a shareholders meeting constitute information under applicable laws or regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17

The personnel who is responsible for the Shareholders' Meeting shall wear the badge or identification card.

The chairman may conduct the disciplinary officers or the security guard to assist in keeping order of the meeting place. Such disciplinary officers or the security guard shall wear the badge marked "Disciplinary officers" for identification purpose.

At the place of meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceeding and refusing to heed calls to stop, the chair may direct relevant personnel to escort the shareholder from the meeting.

Article 18

During the meeting, the chairman may, at his discretion, set time for intermission. In case of incident of force majeure, the chairman may decide to temporarily suspend the Meeting and announce, depending on the situation.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19

These Rules and Procedure shall be effective from the date it is approved by the Shareholders' Meeting. The same applies in case of revision.

Article 20

The amendment was made on July 5, 2021.

AXIOMTEK CO., LTD.

Article of Incorporation

I. As per calculation based on the "Rules and Review Procedures for Director and Supervisor Share Ownership Ratios at Public Companies", the overall shareholding by Directors is as follows:

(I) The Company has issued 91,960,484 common shares of which 10% (i.e., 9,196,048 shares) shall be held by all Directors according to statutory requirements. Also, the Audit Committee comprises Independent Directors has been established by the Company in order to comply with Article 14.4 of the Securities and Exchange Act, responsible for the implementation of the authority of Supervisors under the provisions of the Company Act, the Securities and Exchange Act and other laws and regulations. Therefore, supervisors' shareholding requirements are not applicable.

(II) The Company has also elected three Independent Directors; subsequently, the statutorily required number of common shares held by the Directors shall be reduced according to 80% of the abovementioned shares that shall be held by Directors. Hence, the total number of common shares held by the Directors of the Company shall come to 7,356,838 shares.

II. As of April 1st, 2023 (book closure date), the shareholding of common shares held by all Directors in the shareholders' registry has been as follows:

Title	Name	Representative	Current Shareholding	
			Shares	Shareholding Ratio %
Chairman	Yang, Yu-Te		1,798,512	1.96
Director	Advantech Co., Ltd.	Liu, Wei-Ting	25,542,984	27.78
Director	Tsai, Shih-Yang		1,408,000	1.53
Director	Huang, Jui-Nan		200,00	0.22
Independent Director	Lin, Yih-Jong		0	0
Independent Director	Chang, Jen-Chih		0	0
Independent Director	Yu, Chwo-Ming		16,915	0.02
The Shareholding of Ordinary Shares Held by all Directors			28,966,411	31.51

III. As it has stood, the number of ordinary shares held by all Directors has reached the statutorily required number.
